Switchboards

About Us

We have been operating and manufacturing Switchboards since 1992 and have a team of apprentices and fully qualified trades people who are ready to help.

Budget Quality Switchboards have made Quality Switchboards for people and business all over Australia.

What We do

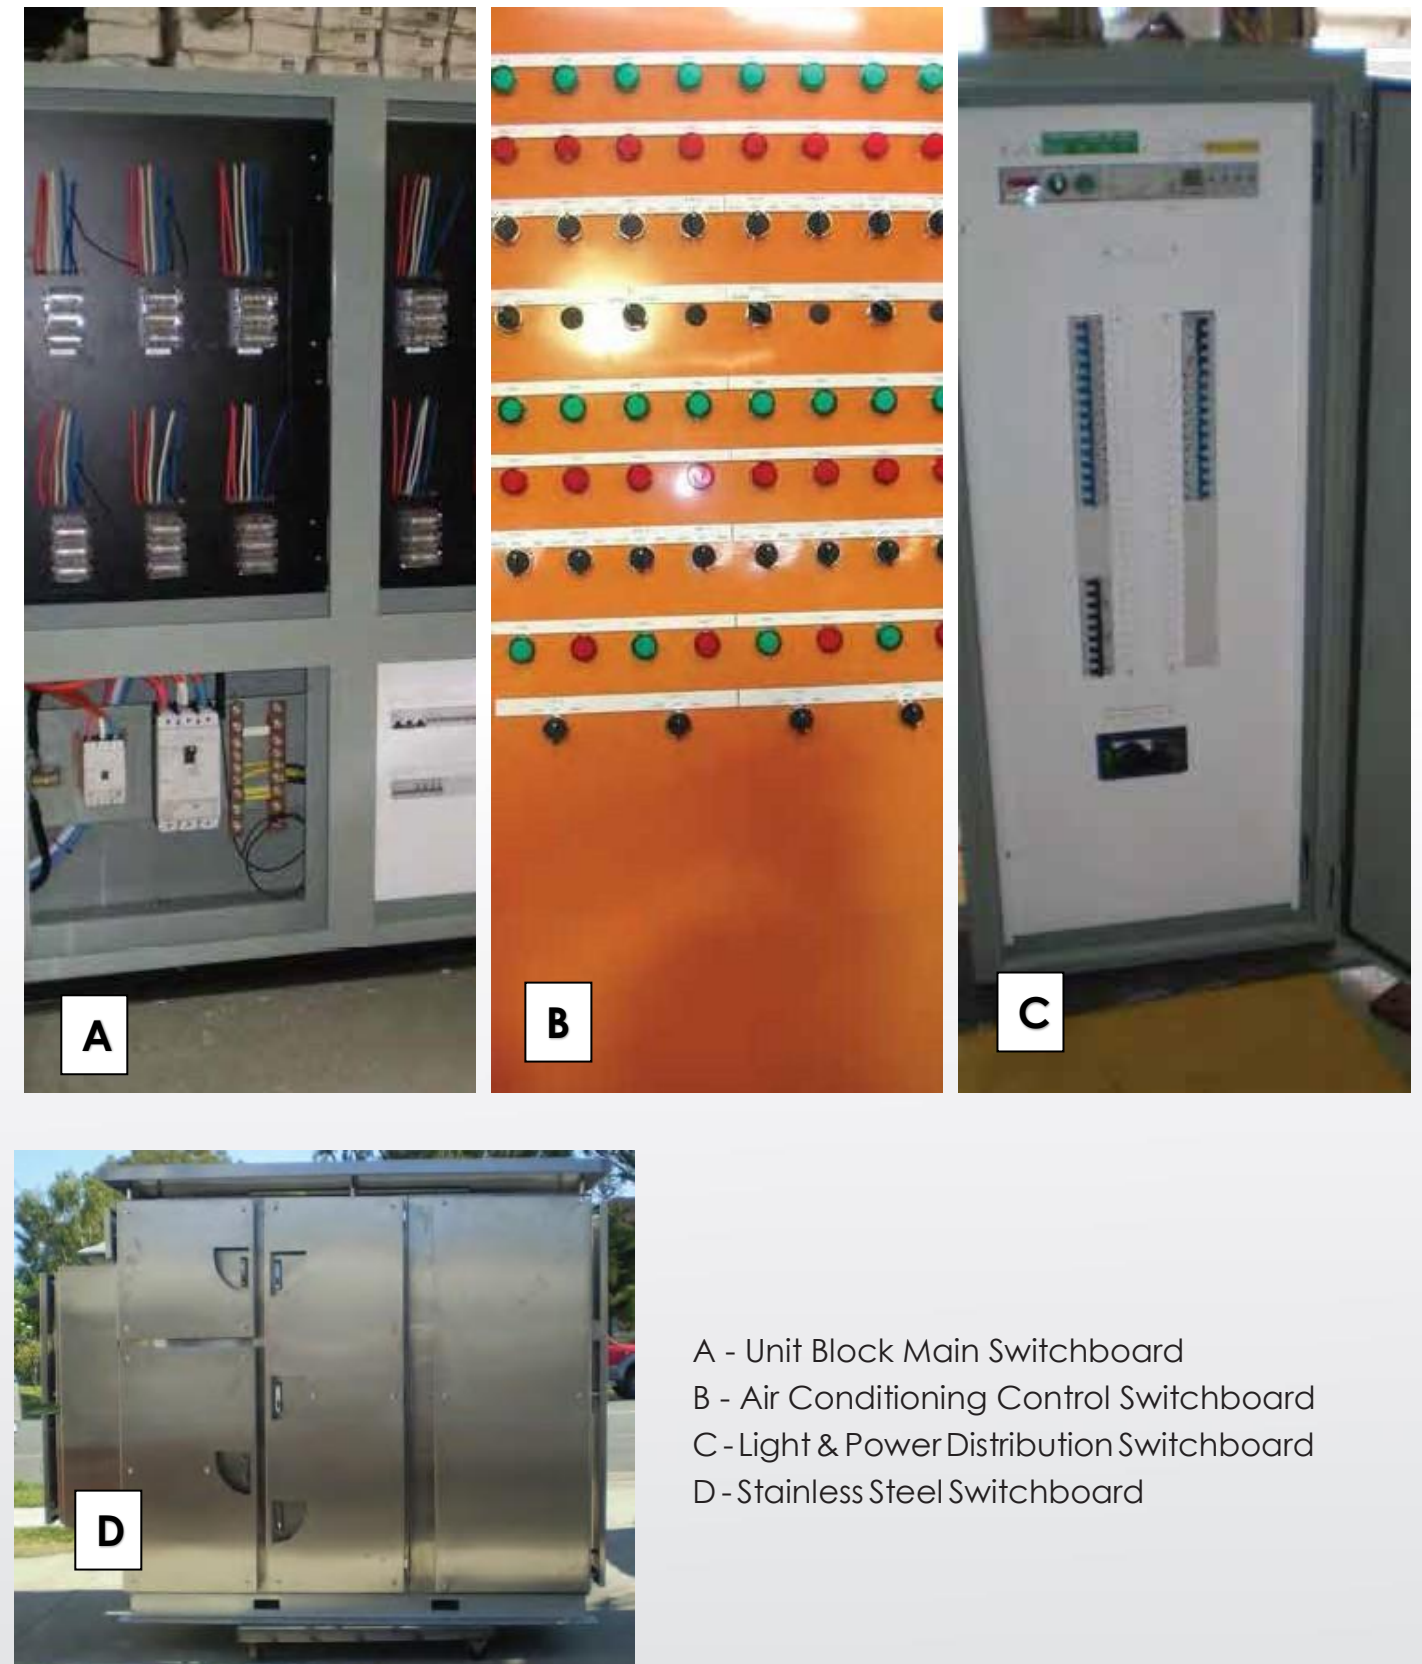

We offer high quality Switchboards that are custom designed and constructed. They are fit out directly in our workshop and are one off type tested switchboards. They are designed for flexibility and are easily modified and/or upgraded. The switchboards are made from Stainless Steel, Galvanised Steel, Powder Coated Zinc Anneal or Aluminum and come in a variety of colours. Simply send us your single line diagrams or tell us what you are after and we will design and construct to your specifications.
